### Establishment of a Light House at Pondichery.

From the 1st of July 1836 a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less

discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the 8th Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

**FORT WILLIAM, 16th May, 1836.**

No. 95 of 1836.—His Excellency the Commander in Chief having laid before Government an Extract from the Proceedings of an European General Court Martial recently held at Nussereabad, from which it appears that a broad latitude of interpretation has been given in the verdict of the Court to the term "a Mess," the Right Hon'ble the Governor General of India in Council, with a view of defining the ordinary conception of the words of the prescribed Monthly Certificate, signed by the Commanding Officer of each Corps in which a Mess is maintained, is pleased to declare, that "a Mess being maintained" is intended to imply, that such an arrangement has been made in the Regiment, as will enable the Officers to meet together in Mess; and will afford the sort of home for Officers which will obviate the necessity for each keeping a separate and expensive Establishment.

2. For forming "a Mess," a contribution from the Officers of a Regiment must be necessary to provide Table Equipage, &c., &c., and a former Government, highly approving the principle of a Regimental Mess, liberally granted a specified monthly allowance to aid in maintaining the same; but they never could have contemplated the allowance being drawn when a Mess was not, bona fide, established.

3. The General Court Martial before alluded to, having recorded an opinion, that a Commanding Officer is justified in authorizing the drawing of the Mess Allowance when no Mess is established, it has become requisite for the Right Hon'ble the Governor General in Council to notify, that the formation of a Mess in a Corps must always be antecedent to the drawing of the Allowance.

4. The Certificate to be signed by a Commanding Officer, must in futuro run, that, "a Mess has been established and is maintained" in the Corps; and the Allowance is not to be drawn until the first has been arranged; and no longer than the second can be certified.

5. His Lordship in Council desires that the Army will understand that, by the alteration now made, it is not intended to throw the slightest impediment in the way of the formation of Regimental Messes: on the contrary, the institution is one which is highly approved and much recommended.

6. The Commander in Chief having further observed that a balance of the Government Mess Allowance drawn on the occasion under consideration remains unappropriated, His Lordship in Council desires, that the Military Auditor General will see that the same is recovered on the public account.

NOTICE.

*Establishment of a Light House at Pondichery.*

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

1st.—“Whether the Rules, which provide that all acts of the Managers shall be open to ‘revision and control’ by three-fourths or more of the voters at a duly convened General Meeting, be intended to require that every act of the Managers shall have the confirmation of the said number of Voters at a said General Meeting, or that the acts of the Managers (provided those acts be contemplated by the Rules) shall be good and binding, if not vetoed or negatived by the said number of Voters at a said General Meeting.”

2d.—“Whether or not the Rules contemplate and allow that the Managers may elect a Secretary and Accountant without reference to a General Meeting of Subscribers.”

3rd.—“Whether or not if the Rules do contemplate and allow such a power to the Managers, a proposition ‘that the Managers’ appointment of the Secretary and Accountant be confirmed’ can, by reason of not having been carried by a majority of at least three-fourths of the Voters, invalidate or at all vitiate the Managers’ appointment.”

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

**NOTICE** is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, Secy. to the Govt.

## NOTICE.

### Establishment of a Light House at Pondichery.

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

### Payments at the Marine Pay Office.

**NOTICE** is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

By Order of the Marine Board,

C. B. GREENLAW, Secretary.

# SECOND SUPPLEMENT TO The Calcutta Gazette.

Published by Authority.

WEDNESDAY, MAY 25, 1836.

FORT WILLIAM,  
LEGISLATIVE DEPARTMENT, 23D MAY, 1836.

*The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council in the Legislative Department, is published for general information.*

Read a second time, the Draft of a proposed Act published under date the 25th April 1836, for abolishing the existing Transit and Town Duties, and authorizing the levy upon a new scale of Export and Import Duties.

*Resolution.*—The Right Hon'ble the Governor General of India in Council is pleased to resolve, that the said Draft be re-published for general information, with the following amendments, and that the amended Draft be brought up for re-consideration at the first meeting of the Legislative Council of India which may be held after the 23th Instant.

By the abolition of the Transit Duties throughout the Presidency of Fort William in Bengal, a considerable amount of Public Revenue has been relinquished. As the relief to Commerce and to the People, arising from the abolition of these Duties, would remain very incomplete, were the levy of Town Duties under the Provisions of Regulation X. of 1810 to be maintained, the Governor General in Council has directed that the levy of Town Duties also shall cease within the Territories subject to the Presidency of Fort William in Bengal, and this order has taken effect from the 1st May last. It might without injustice be required that the external trade of the Presidency on which the burthen of the relinquished duties has so largely fallen, should contribute to the financial necessities of the State, an amount of taxation equivalent to that which has been abandoned, an improved distribution of duties, and a more easy and efficient mode of collection, being substituted for the system of Sea Customs hitherto established. But the Governor General in Council feels it to be an object of the highest importance to the interests both of Great Britain and of India, to refrain as far as possible from raising the duties levied on the Commerce of either country. He is willing to trust largely to the indirect benefits of low taxation, and to the impulse which will be given to the industry of India, by the removal of onerous and vexatious exactions. Under these considerations he has resolved not to impose upon the Maritime Commerce of Bengal, an amount of duties which shall be estimated to raise more than half the sum of direct Revenue, which was derived from the Transit and Town Duties of that Presidency. In framing a new Tariff upon this principle, he has also kept in view the object of extending to the other Presidencies, as soon as the state of the Public Revenue and other circumstances shall admit of it, the great

boon which has been conferred upon Bengal; and he has endeavoured to adopt such a scale of Duties as may be best suited to the ultimate establishment of free traffic between the several Presidencies, and to the introduction of a system as nearly uniform as practicable for the Sea Customs Collections in all parts of the Empire. He has likewise thought it desirable to revise the rates of Duties, which have heretofore been levied on various branches of the Trade of the Bengal Presidency, with a view to the reduction and equalization of such duties. The following Draft of Act is accordingly published for general information:

ACT No. — OF 1836.

*Regulations imposing Transit and Town Duties in the interior and fixing rates of Import and Export Duty on Sea Goods repealed.*

*Except as regards the Jumna Frontier Line.*

*And Duties on Western Salt.*

*Import Duties to be levied according to Schedule A. annexed.*

I. It is hereby enacted, that from the 1st June next, such parts of Regulations IX. and X. 1810, Regulation XV. 1825, and of any other Regulations of the Bengal Presidency as prescribe the levy of Transit or Inland Customs Duties, or of Town Duties; and likewise the Schedules of Duties and Provisions of any kind contained in these or any other Regulations for fixing the amount of Duty to be levied upon Goods imported into or exported from the said Presidency by sea shall be repealed. Provided however that nothing herein contained shall be construed to prevent the levy of Duties at the rates now in force at the Custom Houses and Chokies established on the line of the Jumna, or on any Frontier line, upon Goods crossing that line for import into, or export from the Territory of the East India Company by land, nor to affect the Regulations in force for imposing and levying Duties on Salt, the produce of Western and Central India.

II. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into Calcutta or into any other place within the Province of Bengal and Orissa according to the rates specified in Schedule A. annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto, shall be taken to be a part of this Act.

III. And it is hereby enacted, that Duties of Customs shall be levied upon Country Goods exported by Sea from any Port of Bengal or Orissa according to the rates specified in Schedule B. annexed to this Act, with the exceptions therein specified, and the said Schedule with the Notes attached thereto, shall also be taken to be a part of this Act.

SECOND SUPPLEMENT TO  
**The Calcutta Gazette.**

WEDNESDAY, MAY 25, 1836.

**FORT WILLIAM,**

LEGISLATIVE DEPARTMENT, 23D MAY, 1836.

*The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council in the Legislative Department, is published for general information.*

Read a second time, the Draft of a proposed Act published under date the 25th April 1836, for abolishing the existing Transit and Town Duties, and authorizing the levy upon a new scale of Export and Import Duties.

*Resolution.*—The Right Hon'ble the Governor General of India in Council is pleased to resolve, that the said Draft be re-published for general information, with the following amendments, and that the amended Draft be brought up for re-consideration at the first meeting of the Legislative Council of India which may be held after the 23th Instant.

By the abolition of the Transit Duties throughout the Presidency of Fort William in Bengal, a considerable amount of Public Revenue has been relinquished. As the relief to Commerce and to the People, arising from the abolition of these Duties, would remain very incomplete, were the levy of Town Duties under the Provisions of Regulation X. of 1810 to be maintained, the Governor General in Council has directed that the levy of Town Duties also shall cease within the Territories subject to the Presidency of Fort William in Bengal, and this order has taken effect from the 1st May last. It might without injustice be required that the external trade of the Presidency on which the burthen of the relinquished duties has so largely fallen, should contribute to the financial necessities of the State, an amount of taxation equivalent to that which has been abandoned, an improved distribution of duties, and a more easy and efficient mode of collection, being substituted for the system of Sea Customs hitherto established. But the Governor General in Council feels it to be an object of the highest importance to the interests both of Great Britain and of India, to refrain as far as possible from raising the duties levied on the Commerce of either country. He is willing to trust largely to the indirect benefits of low taxation, and to the impulse which will be given to the industry of India, by the removal of onerous and vexatious exactions. Under these considerations he has resolved not to impose upon the Maritime Commerce of Bengal, an amount of duties which shall be estimated to raise more than half the sum of direct Revenue, which was derived from the Transit and Town Duties of that Presidency. In framing a new Tariff upon this principle, he has also kept in view the object of extending to the other Presidencies, as soon as the state of the Public Revenue and other circumstances shall admit of it, the great

boon which has been conferred upon Bengal: and he has endeavoured to adopt such a scale of Duties as may be best suited to the ultimate establishment of free traffic between the several Presidencies, and to the introduction of a system as nearly uniform as practicable for the Sea Customs Collections in all parts of the Empire. He has likewise thought it desirable to revise the rates of Duties, which have heretofore been levied on various branches of the Trade of the Bengal Presidency, with a view to the reduction and equalization of such duties. The following Draft of Act is accordingly published for general information:

**ACT No. — OF 1836.**

*Regulations imposing Transit and Town Duties in the interior and fixing rates of Import and Export Duty on Sea Goods repealed.*

*Except as regards the Jumna Frontier Line.*

*And Duties on Western Salt.*

Provided however that nothing herein contained shall be construed to prevent the levy of Duties at the rates now in force at the Custom Houses and Chokies established on the line of the Jumna, or on any Frontier line, upon Goods crossing that line for import into, or export from the Territory of the East India Company by land, nor to affect the Regulations in force for imposing and levying Duties on Salt, the produce of Western and Central India.

And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into Calcutta or into any other place within the Provinces of Bengal and Orissa according to the rates specified in Schedule A. annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto, shall be taken to be a part of this Act.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicoa Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand,

allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

**GENERAL ORDERS BY THE RIGHT HON'BLE THE  
 GOVERNOR GENERAL OF INDIA IN COUNCIL.  
 FORT WILLIAM, 23d May, 1836.**

No. 104 of 1836.—The Governor General of India in Council has much pleasure in publishing to the Army, the following Extract, Paragraphs 5 and 6, of a Letter from the Honorable the Court of Directors, No. 15, dated the 23d of December, 1835, announcing an enlargement of the Retiring Pension Regulations. The Boon thereby conferred upon the several Ranks of the Army, will, his Lordship has no doubt, be duly appreciated; and be received as a testimony of the warm interest felt by the Honorable the Court of Directors in the welfare of the Old Officers of their Army in India.

Para. 5. Adverting to the many obstacles which have hitherto prevented the Establishment of a General Retiring Fund, and considering it hopeless to expect that any Fund can be so framed as to meet on the one hand with the general concurrence of the Army and on the other with the sanction of the Authorities at Home, We have thought it right no longer to rely on the formation of such a Fund, but so far as we can feel justified in doing it ourselves to provide for the object contemplated in schemes of that nature, without the aid of contributions from our Officers, by an enlargement of the Retiring Regulations; and we have therefore resolved—

That every Officer who shall have served 23 years (3 years Furlough included) shall be allowed to retire on the Pay of a Captain whether he shall have attained that Rank Regimentally or not;

That every Officer who shall have served 28 years (3 years Furlough included) shall be allowed to retire on the Pay of a Major, whether he shall have attained that Rank or not;

That every Officer who shall have served 33 years (3 years Furlough included) shall be allowed to retire on the Pay of a Lieutenant Colonel whether he shall have attained that Rank or not; and

That every Officer who shall have served 38 years (3 years Furlough included) shall be allowed to retire on the Full Pay of a Colonel whether he shall have attained that Rank or not.

6. These arrangements are to have effect without prejudice to any claims arising out of the present Retiring Regulations.

**Establishment of a Light House at Pondichery.**

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

M., to determine finally upon this question.

By Order of the Managers,

H. TORRENS, *Actg. Secretary.*

*C. S. A. F. Office, the 27th May, 1836.*

## AMENDED DRAFT OF RULES,

35.—On the 1st May, 1836, the Managers of the Institution shall declare and publish the number of unaccepted annuities remaining up to that date, and the value thereof, which value shall be computed by assuming for the unaccepted annuities of each year since the Annuity Fund Institution was established, a value calculated for the average age of the servants who retired in that year. Two-thirds of the aggregate amount of such valuation shall be declared to be a fund available to provide for three years from that date, annuities at a quarter value to retiring Civil Servants duly qualified. The other third of the above valuation shall be forthwith carried to account as part of the fixed balance of the fund. In like manner on the 1st of May of every succeeding year, the Managers shall declare and publish the number and value of the unaccepted annuities of the preceding year, that is to say, the number of the nine annuities at half value available annually for retiring servants which have not been claimed and taken within the year, and the same shall be valued according to the average of the ages of the servants who retired in the year upon such annuities, or if there be none of these taken in any year, then upon the assumption of the age of 45 years for the value of each annuity. Two-thirds of the aggregate value of such unaccepted annuities shall be declared and published, as above, to be the fund available to provide for three years thereafter, annuities at a quarter value to retiring seniors, the remaining third being added to the fixed balance of the fund, as above provided.

36.—Civil Servants duly qualified by service and residence, who may be willing to retire on annuities to be granted upon payment of an amount equal to one quarter of the value thereof, are required to make application for the same within three months from the date of the above declaration being made and published by the Managers of the Fund. So far as the surplus available shall permit, annuities on the terms stated shall be given to the senior servants so applying in the order of their seniority, and if the subscriptions of any servant, to whom such an annuity may be awarded, shall have exceeded in amount one quarter of the value of the annuity, the excess shall be refunded to him out of the surplus declared. If the subscriptions be not equal in amount to one-quarter of the value of the annuity the retiring servant shall make good the deficit before obtaining the certificate entitling him thereto. If the applicants within three months, as above, do not by their annuities and by the refunds stated consume the entire declared surplus, the remainder shall be available to furnish annuities to any qualified senior servant who may apply for the same at any time within three years from the date of the declaration, and such annuities shall be given to applicants for the same in the order of application until the entire declared surplus is appropriated. For every annuity granted, an equivalent sum to the value thereof, according to the tables of the fund, shall be written off from the declared surplus and credited to the appropriated funds of the institution; and if at the end of three years from the date of declaration, there shall remain any part of the declared surplus still unappropriated, such remainder shall lapse and be added to the fixed unappropriated balance of the fund.

37.—Civil Servants who may not have completed the full period of 22 years' residence in India, and 25 years of service, but who may be compelled to retire from the service by sickness, duly certified as below provided, shall be entitled to receive from out of the declared value of the unclaimed annuities of any given year before the appropriation of the two-thirds and one-third are made under the above rule as follows:—

If they have not completed 10 years of residence, a donation of .....	Sa. Rs. 5000
or .....	£ 500
If they have completed 10 years of residence, but not more than 15, an annuity of .....	£ 250
or .....	Sa. Rs. 2500

per annum, on payment, including the amount of their subscriptions, of one-half of the value thereof according to the tables and rules of the fund.

If they have completed 15 years, an annuity of £	500
or .....	Sa. Rs. 5000

on the same terms.

To entitle a junior to the above benefits, it will be necessary for him before leaving India to furnish to the Managers of the Fund a certificate from his Medical Attendant, countersigned by a Member of the Medical Board in Calcutta, certifying that he is, from some permanent cause or complaint, incapable of rendering further service in the climate of India, and this certificate must, in each instance of retirement, be confirmed in England by the Examining Physician of the Honorable Court of Directors, after the servant so retiring has resided at least one year in England.

38.—The 35 and 36 of the above Regulations are to be continued in force for three years from the 1st May 1836, unless the Honorable Court of Directors sanction their further continuance, whereof notice will be published in the Gazette. If by the sanction of the Honorable Court they be established as permanent rules of the fund, it shall nevertheless be competent to a majority of the subscribers in India, whenever they shall be satisfied that the number of annual retirements from the service is such as to require that all the annuities of each year should be reserved to meet the applications of candidates in future years, to suspend the operation of the above rules by a Resolution to that effect, duly passed at a General Meeting.

39.—In modification of the third rule of the Regulations of the Fund, it is provided, that it shall be competent to any servant duly qualified by residence and service, to receive the annuity whether granted to him at half or at a quarter value, either in India or in England, subject only to the condition of previous resignation of the service, and of the acceptance of such resignation by the Government or by the Court of Directors.

40.—In modification of the rules adopted by the service on the 7th March, 1834, it is hereby provided, in conformity with the instructions of the Honorable Court of Directors, that annuitants desirous to have their annuities paid to the date of decease, or to have them paid quarterly, will be entitled to these advantages upon payment, in addition to the half or quarter value of the annuity, as the case may be, of the full value stated for the same in the Table annexed to the said rules; but no annuitant shall be permitted to take the quarterly payment alone without at the same time taking the benefit of the rule for obtaining payment to the date of decease.

**UNION BANK.**—The Directors of the Union Bank beg to notify to the PROPRIETORS, that the whole of the Five Hundred and Ninety-eight *New* Supplementary Shares (or Thirds) which were allotted optionally to the Five Hundred and Ninety-eight *Old* Shares, at the par Subscription rate of 900 *Company's* Rupees have been taken up by the Old Shareholders.

In consequence, there will be no sale to the best bidder among the Proprietors (as contemplated in the January and February Resolutions) of lapsed Third Shares. Two full Shares and their two attached Thirds remain unappropriated to complete the even number of 600; and the Directors do not think it worth while to call a General Meeting of Proprietors for the single purpose of selling those, but will take the opportunity of the next Half-yearly Meeting, (in July) to dispose of them by competition among the Proprietors present or their proxies.

**N**OTICE is hereby given, that in consequence of the recent change in the Currency, the Marine Board have obtained the sanction of the Right Honorable the Governor of Bengal to the following modified rates of Charges leviable on account of Pilotage and Port Dues, which are to come into operation on the 1st Proximo.

*Notices touching Port Charges at Calcutta, for the information and Guidance of  
Owners and Commanders of Vessels.*

The Marine Board having lately, under the orders of Government, been engaged in revising the general Regulations of the Marine Department bearing on the Shipping frequenting the Port, request the particular attention of Owners, Agents, and Commanders of Vessels to the following arrangements in connection with the Charges on account of Pilotage, &c. framed with a view to the mutual convenience of the Marine Department and the Shipping Interests.

**First.**—Commanders are requested prior to quitting their Vessels on arrival off Calcutta to fill up and certify, or cause to be filled up and certified, a form of Certificate shewing the actual Registered Tonnage, the Draft of Water, and whether the Vessel has or has not been tugged by a Steamer any part of the way, or has or has not had the use of a Row Boat, which form will be furnished to the Pilot, in order to the Bills of the Vessel being correctly made out.

**Second.**—Commanders are further requested, as early after their arrival as possible, to notify in writing to the Master Attendant, the Name and Residence of the reference for the payment of his Vessel's Bills.

**Third.**—On the receipt by the Master Attendant of the above Certificate and written reference for payment, a single Bill will be prepared, including Inward Pilotage, Light House Duty, Moyapore Magazine Duty, and Row Boat Hire, (if any) which, together with the Certificate, will be forwarded to the Marine Pay Master for collection within fifteen days of the arrival of the Vessel, and having on it the Name and Residence of the party referred to for payment, which Commanders are requested to furnish to the Master Attendant in writing, as early after their arrival as practicable, that Officer will more readily be enabled to present it. By this arrangement all the Charges connected with the Vessel up to her arrival off Calcutta will be embodied in one Bill, instead of, as hitherto, being made in separate Bills.

**Fourth.**—In the event of Vessels docking, or being transported at the desire of the Commander, it is requested that a Certificate may be given by the Commanding Officer of the operation having been performed, in order to its accompanying the Bill when presented for payment to the Referee.

**Fifth.**—The practice of charging for hauling to the Chain Moorings, for their monthly Hire, and for hauling from the Moorings, in separate Bills, is discontinued, and henceforward one Bill will be prepared, including the Charge for hauling to the Moorings, that for occupying them, and that for hauling from them—and Commanders are requested to give, or cause their Commanding Officers to give, to the Master Attendant or the Harbour Master, Certificate of the date of hauling to and from the Moorings, which Certificate, as before, will accompany the Bill when presented for payment. The Hire of the Moorings will be charged for the day on which the Vessel is hauled thereto, without reference to the period of the day; and in like manner no charge will be made for the day on which she hauls from her Moorings, however late in the day she may quit them. The Charges connected with the Chain Moorings will thus be embodied in one Bill, and be discharged in one payment, instead of three or more according to the number of months the Vessel occupied the Moorings.

**Sixth.**—The system of charging Outward Pilotage on an estimated Draft of Water, with an addition of Ten per cent. subject to adjustment after the Vessel has sailed, and of charging a certain number of days for a Row Boat, subject to a like adjustment, is abolished; and in future the Outward Pilotage and Charge for Row Boat Hire on outward bound Vessels will be made as follows:

When the Vessel is finally laden, the Commander is to give notice thereof to the Master Attendant, when the Draft of Water is to be ascertained and certified by the Commander or Commanding Officer on the part of the Vessel, and by the Harbour Master on the part of Government—subject, in case of dispute, to the decision of the Master Attendant. On receipt of the Certificate, the Master Attendant will cause a Bill to be made out for the regular amount of Pilotage, and for the Row Boat Hire according to an average rate with reference to the size of the Vessels and the season of the year, fixed by a Marine Committee which lately sat at the Bankshall, the majority of which was composed of Members of Houses of Agency and Commanders of Ships. The Bill and Certificate will be presented in due course for payment.

**Seventh.**—As however it frequently happens that Vessels are taking in Cargo or filling their Water up to the last day of their departure, or that from other causes the Bills for the Chain Moorings and Outward Pilotage cannot be made out till the eve of departure, Owners, Agents, and Commanders are in such cases particularly requested, with a view to despatch, to cause an individual to attend at the Bankshall and expedite the transmission of the Bill and Certificate to the Board for Registry, and to the Pay Office for collection; at each of which Offices they may in such cases depend upon the most ready and special attention.

**Eighth.**—In the event of a Vessel being tugged any part of the way down by Steam, or not having the use of a Row Boat, Commanders are to obtain from the Pilot at Kedgeroe, a Certificate to that effect, which they should forward by Dak to their Agents. On receipt thereof Agents are requested to make out a Bill against the Hon'ble Company for the  $\frac{1}{4}$  deduction from the Pilotage allowed if tugged by Steam, or for the Row Boat Hire paid, as the case may be, and to forward it together with the Certificate to the Marine Board for audit and payment.

**Ninth.**—In cases where a Vessel leaves Calcutta avowedly intended to fill up Cargo at some place below, the Pilotage will be charged at the draft at which she leaves Calcutta in like manner though at the reduced amount as if she had proceeded to Sea; and with respect to the subsequent Pilotage Charge from the place at which the Vessel takes in the additional Cargo to Sea, Owners or Agents of Vessels will be required to furnish a special guarantee to pay the amount chargeable according to a Certificate of the Draft of Water to be signed by the Commander or Commanding Officer and Pilot.

**Tenth.**—Six sets of Moorings at Diamond Harbour having been fitted specially to enable Vessels arriving in distress from loss of Anchors and Cables to be readily moored, the Charge will be Co.'s Rs. 50 for Mooring and Unmooring, and the daily Hire the same as for the Moorings at Calcutta. The Moorings will of course be available to Vessels not in distress from loss of Anchors and Cables, but the Harbour Master will be instructed at all times to keep two sets vacant during the S. W. Monsoon to meet casualties.

**Eleventh.**—Annexed is a Statement of the several Port and Pilotage Charges, and the Marine Board trust that with these and the Certificates of the Commanders or Commanding Officers before them, Owners and Agents of Vessels will at all times be enabled readily to ascertain the correctness of the Bills and to discharge them on presentation.

The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills

become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

UNION BANK.—The Directors of the Union Bank beg to notify to the PROPRIETORS, that the whole of the Five Hundred and Ninety-eight New Supplementary Shares (or Thirds) which were allotted optionally to the Five Hundred and Ninety-eight Old Shares, at the par Subscription rate of 900 Company's Rupees have been taken up by the Old Shareholders.

In consequence, there will be no share to the best bidder among the Proprietors (as contemplated in the January and February Resolutions) of lapsed Third Shares. Two full Shares and their two attached Thirds remain unappropriated to complete the even number of 600; and the Directors do not think it worth while to call a General Meeting of Proprietors for the single purpose of selling those, but will take the opportunity of the next Half-yearly Meeting, (in July) to dispose of them by competition among the Proprietors present or their proxies.

## NOTICE.

### Establishment of a Light House at Pondichery.

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 48 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

No. 919 A.

**N**OTICE is hereby given, that in consequence of the recent change in the Currency, the Marine Board have obtained the sanction of the Right Honorable the Governor of Bengal to the following modified rates of Charges leviable on account of Pilotage and Port Dues, which are to come into operation on the 1st Proximo.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

FORT WILLIAM, }  
The 25th May, 1836. }

*Notices touching Port Charges at Calcutta, for the information and Guidance of  
Owners and Commanders of Vessels.*

The Marine Board having lately, under the orders of Government, been engaged in revising the general Regulations of the Marine Department bearing on the Shipping frequenting the Port, request the particular attention of Owners, Agents, and Commanders of Vessels to the following arrangements in connection with the Charges on account of Pilotage, &c. framed with a view to the mutual convenience of the Marine Department and the Shipping Interests.

First.—Commanders are requested prior to quitting their Vessels on arrival off Calcutta to fill up and certify, or cause to be filled up and certified, a form of Certificate shewing the actual Registered Tonnage, the Draft of Water, and whether the Vessel has or has not been tugged by a Steamer any part of the way, or has or has not had the use of a Row Boat, which form will be furnished to the Pilot, in order to the Bills of the Vessel being correctly made out.

Second.—Commanders are further requested, as early after their arrival as possible, to notify in writing to the Master Attendant, the Name and Residence of the reference for the payment of his Vessel's Bills.

Third.—On the receipt by the Master Attendant of the above Certificate and written reference for payment, a single Bill will be prepared, including Inward Pilotage, Light House Duty, Moyapore Magazine Duty, and Row Boat Hire, (if any) which, together with the Certificate, will be forwarded to the Marine Pay Master for collection within fifteen days of the arrival of the Vessel, and having on it the Name and Residence of the party referred to for payment, which Commanders are requested to furnish to the Master Attendant in writing, as early after their arrival as practicable, that Officer will more readily be enabled to present it. By this arrangement all the Charges connected with the Vessel up to her arrival off Calcutta will be embodied in one Bill, instead of, as hitherto, being made in separate Bills.

**Fourth.**—In the event of Vessels docking, or being transported at the desire of the Commander, it is requested that a Certificate may be given by the Commanding Officer of the operation having been performed, in order to its accompanying the Bill when presented for payment to the Referee.

**Fifth.**—The practice of charging for hauling to the Chain Moorings, for their monthly Hire, and for hauling from the Moorings, in separate Bills, is discontinued, and henceforward one Bill will be prepared, including the Charge for hauling to the Moorings, that for occupying them, and that for hauling from them—and Commanders are requested to give, or cause their Commanding Officers to give, to the Master Attendant or the Harbour Master, Certificate of the date of hauling to and from the Moorings, which Certificate, as before, will accompany the Bill when presented for payment. The Hire of the Moorings will be charged for the day on which the Vessel is hauled thereto, without reference to the period of the day; and in like manner no charge will be made for the day on which she hauls from her Moorings, however late in the day she may quit them. The Charges connected with the Chain Moorings will thus be embodied in one Bill, and be discharged in one payment, instead of three or more according to the number of months the Vessel occupied the Moorings.

**Sixth.**—The system of charging Outward Pilotage on an estimated Draft of Water, with an addition of Ten per cent. subject to adjustment after the Vessel has sailed, and of charging a certain number of days for a Row Boat, subject to a like adjustment, is abolished; and in future the Outward Pilotage and Charge for Row Boat Hire on outward bound Vessels will be made as follows:

When the Vessel is finally laden, the Commander is to give notice thereof to the Master Attendant, when the Draft of Water is to be ascertained and certified by the Commander or Commanding Officer on the part of the Vessel, and by the Harbour Master on the part of Government—subject, in case of dispute, to the decision of the Master Attendant. On receipt of the Certificate, the Master Attendant will cause a Bill to be made out for the regular amount of Pilotage, and for the Row Boat Hire according to an average rate with reference to the size of the Vessels and the season of the year, fixed by a Marine Committee which lately sat at the Bankshall, the majority of which was composed of Members of Houses of Agency and Commanders of Ships. The Bill and Certificate will be presented in due course for payment.

**Seventh.**—As however it frequently happens that Vessels are taking in Cargo or filling their Water up to the last day of their departure, or that from other causes the Bills for the Chain Moorings and Outward Pilotage cannot be made out till the eve of departure, Owners, Agents, and Commanders are in such cases particularly requested, with a view to despatch, to cause an individual to attend at the Bankshall and expedite the transmission of the Bill and Certificate to the Board for Registry, and to the Pay Office for collection; at each of which Offices they may in such cases depend upon the most ready and special attention.

**Eighth.**—In the event of a Vessel being tugged any part of the way down by Steam, or not having the use of a Row Boat, Commanders are to obtain from the Pilot at Kedgeroe, a Certificate to that effect, which they should forward by Dak to their Agents. On receipt thereof Agents are requested to make out a Bill against the Hon'ble Company for the  $\frac{1}{2}$  deduction from the Pilotage allowed if tugged by Steam, or for the Row Boat Hire paid, as the case may be, and to forward it together with the Certificate to the Marine Board for audit and payment.

**Ninth.**—In cases where a Vessel leaves Calcutta avowedly intended to fill up Cargo at some place below, the Pilotage will be charged at the draft at which she leaves Calcutta in like manner though at the reduced amount as if she had proceeded to Sea; and with respect to the subsequent Pilotage Charge from the place at which the Vessel takes in the additional Cargo to Sea, Owners or Agents of Vessels will be required to furnish a special guarantee to pay the amount chargeable according to a Certificate of the Draft of Water to be signed by the Commander or Commanding Officer and Pilot.

**Tenth.**—Six sets of Moorings at Diamond Harbour having been fitted specially to enable Vessels arriving in distress from loss of Anchors and Cables to be readily moored, the Charge will be Co.'s Rs. 50 for Mooring and Unmooring, and the daily Hire the same as for the Moorings at Calcutta. The Moorings will of course be available to Vessels not in distress from loss of Anchors and Cables, but the Harbour Master will be instructed at all times to keep two sets vacant during the S. W. Monsoon to meet casualties.

**Eleventh.**—Annexed is a Statement of the several Port and Pilotage Charges, and the Marine Board trust that with these and the Certificates of the Commanders or Commanding Officers before them, Owners and Agents of Vessels will at all times be enabled readily to ascertain the correctness of the Bills and to discharge them on presentation.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicea Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand,

allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

The 7th March, 1835.

Notice is hereby given, that His Excellency the Right Honorable the Governor General in Council has deemed it expedient to require that the Capital Stock of the Bank of Bengal shall be increased from Fifty Lakhs of Sicca Rupees to Seventy Lakhs, and His Lordship in Council has directed a subscription to be opened this day in the Office of the Accountant General in Calcutta for the further amount of Twenty Lakhs of Rupees to be added to the Capital Stock of the said Bank, having given notice of the said subscription and of the amount thereof to the Directors of the Bank for the purpose of being communicated to the Proprietors in the manner prescribed and provided in the Third Clause of the Charter of the said Bank of Bengal. In further pursuance of the provisions contained in the said Clause the term of Eighteen Months, that is, until the 10th day of September, 1836, is hereby limited and allowed, during which the existing Proprietors of Shares, or such persons as may be Proprietors at any time before the expiration of the said period, shall and may exclusively set down their names as Subscribers for the additional Capital, and if the whole amount of such increased Capital Stock shall not be subscribed for by the said Proprietors before the expiration of such limited time as aforesaid, that is, before the said 10th September, 1836, the Subscription shall then become public as to such parts thereof as shall not have been filled up by the said Proprietors.

## NOTICE.

*Establishment of a Light House at Pondichery.*

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

Pondichery, the 10th March, 1836.

## NOTICE.

*Payments at the Marine Pay Office.*

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to

receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

By Order of the Marine Board,

C. B. GREENLAW, Secretary.

**UNION BANK.**—The Directors of the Union Bank beg to notify to the PROPRIETORS, that the whole of the Five Hundred and Ninety-eight *New* Supplementary Shares (or Thirds) which were allotted optionally to the Five Hundred and Ninety-eight *Old* Shares, at the par Subscription rate of 900 *Company's* Rupees have been taken up by the Old Shareholders.

In consequence, there will be no sale to the best bidder among the Proprietors (as contemplated in the January and February Resolutions) of lapsed Third Shares. Two full Shares and their two attached Thirds remain unappropriated to complete the even number of 600; and the Directors do not think it worth while to call a General Meeting of Proprietors for the single purpose of selling those, but will take the opportunity of the next Half-yearly Meeting, (in July) to dispose of them by competition among the Proprietors present or their proxies.

The superiority of the Camp Equipage manufactured by us, both as regards *materials, neatness and style*, is now so well known in all the Presidencies, as to require little or no comment from us; we may however be permitted to state, that we have fully redeemed the pledge we formerly gave, viz.

"That every Tent should be manufactured in our Factory, under our immediate superintendence, and every material used new and of the best quality?"—To this pledge we shall strictly adhere, trusting that the attention invariably paid by us in the execution of all orders entrusted to our care, will insure to us a continuation of that splendid patronage our Establishment has hitherto experienced.

Orders from every part of India will continue to be executed and dispatched with the least possible delay and cost; and we hope that all our kind friends and supporters will do us the favor to bear in mind, how essentially necessary it is that all their orders should be accompanied with the usual advance, including transit charges, the risk of which rests with the purchasers.

## FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills

become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, *Secy. to the Govt.*

WEDNESDAY, JUNE 8, 1836.

No. 919 A.

**N**OTICE is hereby given, that in consequence of the recent change in the Currency, the Marine Board have obtained the sanction of the Right Honorable the Governor of Bengal to the following modified rates of Charges leviable on account of Pilotage and Port Dues, which are to come into operation on the 1st Proximo.

By Order of the Marine Board,

C. B. GREENLAW, *Secretary.*

FORT WILLIAM, }  
The 25th May, 1836. }

*Notices touching Port Charges at Calcutta, for the information and Guidance of  
Owners and Commanders of Vessels.*

The Marine Board having lately, under the orders of Government, been engaged in revising the general Regulations of the Marine Department bearing on the Shipping frequenting the Port, request the particular attention of Owners, Agents, and Commanders of Vessels to the following arrangements in connection with the Charges on account of Pilotage, &c. framed with a view to the mutual convenience of the Marine Department and the Shipping Interests.

First.—Commanders are requested prior to quitting their Vessels on arrival off Calcutta to fill up and certify, or cause to be filled up and certified, a form of Certificate shewing the actual Registered Tonnage, the Draft of Water, and whether the Vessel has or has not been tugged by a Steamer any part of the way, or has or has not had the use of a Row Boat, which form will be furnished to the Pilot, in order to the Bills of the Vessel being correctly made out.

Second.—Commanders are further requested, as early after their arrival as possible, to notify in writing to the Master Attendant, the Name and Residence of the reference for the payment of his Vessel's Bills.

Third.—On the receipt by the Master Attendant of the above Certificate and written reference for payment, a single Bill will be prepared, including Inward Pilotage, Light House Duty, Moyapore Magazine Duty, and Row Boat Hire, (if any) which, together with the Certificate, will be forwarded to the Marine Pay Master for collection within fifteen days of the arrival of the Vessel, and having on it the Name and Residence of the party referred to for payment, which Commanders are requested to furnish to the Master Attendant in writing, as early after their arrival as practicable, that Officer will more readily be enabled to present it. By this arrangement all the Charges connected with the Vessel up to her arrival off Calcutta will be embodied in one Bill, instead of, as hitherto, being made in separate Bills.

**Fourth.**—In the event of Vessels docking, or being transported at the desire of the Commander, it is requested that a Certificate may be given by the Commanding Officer of the operation having been performed, in order to its accompanying the Bill when presented for payment to the Referee.

**Fifth.**—The practice of charging for hauling to the Chain Moorings, for their monthly Hire, and for hauling from the Moorings, in separate Bills, is discontinued, and henceforward one Bill will be prepared, including the Charge for hauling to the Moorings, that for occupying them, and that for hauling from them—and Commanders are requested to give, or cause their Commanding Officers to give, to the Master Attendant or the Harbour Master, Certificate of the date of hauling to and from the Moorings, which Certificate, as before, will accompany the Bill when presented for payment. The Hire of the Moorings will be charged for the day on which the Vessel is hauled thereto, without reference to the period of the day; and in like manner no charge will be made for the day on which she hauls from her Moorings, however late in the day she may quit them. The Charges connected with the Chain Moorings will thus be embodied in one Bill, and be discharged in one payment, instead of three or more according to the number of months the Vessel occupied the Moorings.

**Sixth.**—The system of charging Outward Pilotage on an estimated Draft of Water, with an addition of Ten per cent. subject to adjustment after the Vessel has sailed, and of charging a certain number of days for a Row Boat, subject to a like adjustment, is abolished; and in future the Outward Pilotage and Charge for Row Boat Hire on outward bound Vessels will be made as follows:

When the Vessel is finally laden, the Commander is to give notice thereof to the Master Attendant, when the Draft of Water is to be ascertained and certified by the Commander or Commanding Officer on the part of the Vessel, and by the Harbour Master on the part of Government—subject, in case of dispute, to the decision of the Master Attendant. On receipt of the Certificate, the Master Attendant will cause a Bill to be made out for the regular amount of Pilotage, and for the Row Boat Hire according to an average rate with reference to the size of the Vessels and the season of the year, fixed by a Marine Committee which lately sat at the Bankshall, the majority of which was composed of Members of Houses of Agency and Commanders of Ships. The Bill and Certificate will be presented in due course for payment.

**Seventh.**—As however it frequently happens that Vessels are taking in Cargo or filling their Water up to the last day of their departure, or that from other causes the Bills for the Chain Moorings and Outward Pilotage cannot be made out till the eve of departure, Owners, Agents, and Commanders are in such cases particularly requested, with a view to depatch, to cause an individual to attend at the Bankshall and expedite the transmission of the Bill and Certificate to the Board for Registry, and to the Pay Office for collection; at each of which Offices they may in such cases depend upon the most ready and special attention.

**Eighth.**—In the event of a Vessel being tugged any part of the way down by Steam, or not having the use of a Row Boat, Commanders are to obtain from the Pilot at Kedgerree, a Certificate to that effect, which they should forward by Dak to their Agents. On receipt thereof Agents are requested to make out a Bill against the Hon'ble Company for the  $\frac{1}{4}$  deduction from the Pilotage allowed if tugged by Steam, or for the Row Boat Hire paid, as the case may be, and to forward it together with the Certificate to the Marine Board for audit and payment.

**Ninth.**—In cases where a Vessel leaves Calcutta avowedly intended to fill up Cargo at some place below, the Pilotage will be charged at the draft at which she leaves Calcutta in like manner though at the reduced amount as if she had proceeded to Sea; and with respect to the subsequent Pilotage Charge from the place at which the Vessel takes in the additional Cargo to Sea, Owners or Agents of Vessels will be required to furnish a special guarantee to pay the amount chargeable according to a Certificate of the Draft of Water to be signed by the Commander or Commanding Officer and Pilot.

**Tenth.**—Six sets of Moorings at Diamond Harbour having been fitted specially to enable Vessels arriving in distress from loss of Anchors and Cables to be readily moored, the Charge will be Co.'s Rs. 50 for Mooring and Unmooring, and the daily Hire the same as for the Moorings at Calcutta. The Moorings will of course be available to Vessels not in distress from loss of Anchors and Cables, but the Harbour Master will be instructed at all times to keep two sets vacant during the S. W. Monsoon to meet casualties.

**Eleventh.**—Annexed is a Statement of the several Port and Pilotage Charges, and the Marine Board trust that with these and the Certificates of the Commanders or Commanding Officers before them, Owners and Agents of Vessels will at all times be enabled readily to ascertain the correctness of the Bills and to discharge them on presentation.

## FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2 3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by

the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

### NOTICE.

#### *Establishment of a Light House at Pondichery.*

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

#### *Payments at the Marine Pay Office.*

**NOTICE** is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

By Order of the Marine Board,

C. B. GREENLAW, Secretary.

Fort William, the 5th May, 1836.

WEDNESDAY, JUNE 15, 1836.

## FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent

may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

**NOTICE.**

***Payments at the Marine Pay Office.***

**NOTICE** is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary

that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

## NOTICE.

**Establishment of a Light House at Pondichery.**

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

## FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 13TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at .....	Bengal.
Ditto .....	Ditto..... Madras.
Ditto .....	Ditto..... Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any

have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of the Department (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

NOTICE.

Establishment of a Light House at Pondichery.

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondichery.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondichery, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.
